

CURRICULUM VITAE

Amany Mohamed Tawfik Abdel Rahman Ramah, D.V.M., M.Sc.

1988/12/01

Laboratory of Veterinary Anatomy, Faculty of agriculture, University of Miyazaki,
1-1 Gakuen- nishi, Miyazaki 889-2192, Japan

Department of Forensic Medicine and Toxicology, Faculty of Veterinary Medicine, Benha
University, Qalyubia 1351, Egypt
amanyra@ccmiyazaki-u.ac.jp

Education Profile

- 2021-2025 PhD Student at University of Miyazaki, Japan
2012-2015 Master of Veterinary Science - Faculty of Veterinary Medicine, Benha University, Egypt
(GPA 4.00 of 4.00)
2006-2011 Undergraduate Student - Faculty of Veterinary Medicine, Benha University, Egypt

Research Interest

Forensic medicine, Toxicology, Histology, Immunology, Molecular study, Pathology, Pharmacology, Feed additive on domestic animals

Working Experiences

- 2021-2025 Teaching/Research Assistant at Department of Anatomy, University of Miyazaki
2022-2024 Research Assistant at JST OPERA project, at Department of Anatomy, University of Miyazaki
2015-now Lecturer at Department of Forensic Medicine and Toxicology, Faculty of Veterinary Medicine University, Egypt
2011-2015 Demonstrator Department of Forensic Medicine and Toxicology, Faculty of Veterinary Medicine University, Egypt

Recent Courses and Training

- 2015 IELTS Preparation and English for Academic Purposes at British Council, Egypt
Overall band score 5.5

Publications

- Amany Ramah**, Tomohiro Kato , Urara Shinya , Mahmoud Baakhtari , Shoichiro Imatake ,Arvendi Rachma Jadi and Masahiro Yasuda“Effect of Maternal supplementation with organic trace minerals including zinc, manganese, copper, and cobalt during the late and post-partum periods on the health and immune status of Japanese black cattle Animals, 2023, 13,3679.
- Amany Ramah** , Yasuda M, Ohashi Y, Imatake S, Imaizumi N, Kida T, Yanagita T, Umeura R, Bakry H.H, Abdelaleem N.M, El-shewy E.A. “Protective effect of probiotics against tannin-induced immunosuppression in broiler chickens” The journal of bioscience of microbiota, food and health, 2022. 41(4);168-176.
- Amany Ramah** , Yasuda M, Ohashi Y, Urakawa M, Kida T, Yanagita T, Umeura R, Bakry H.H, Abdelaleem N.M, El-shewy E.A. “Different doses of tannin reflect a double-edged impact on broiler chicken immunity”. The journal of veterinary immunology and immunopathology, 220(2020),109991.
- Arvendi Rachma Jadi, Hinako Fujisaki, **Amany Ramah**, Mahmoud Baakhtari ,Shoichiro Imatake Shoichi Wakitani and Masahiro Yasuda “Anatomical View of the Internal Carotid Artery Occlusion in Japanese Black Cattle” Animals, 2024,14:365.
- Marimu Urakawa, Mahmoud Baakhtari, **Amany Ramah**, Shoichiro Imatake, Parnian Ahmadi, Yuichiro Deguchi, Mizuho Uematsu, Yoshiki Nakama, Kazunari Imabeppu, Yusuke Nomura and Masahiro Yasuda.Comparative Analysis of Maternal Colostrum and Colostrum Replacer Effects on Immunity, Growth, and Health of Japanese Black Calves”. Animals, 2024, 14: 346.
- Isashiki Y, Ohashi Y, Imatake S, Baakhtari M, **Amany Ramah** , Kida T, Yanagita T, Yasuda M Studies on the immune status of calves with chronic inflammation and thymus atrophy”. The Journal of veterinary medical science, 2022, 84(6);734-742.
- Baakhtari M, Imaizumi N, Kida T, Yanagita T, **Amany Ramah**, Ahmadi P, Takebe N, Iwamoto Y, Korosue K, Tsuzuki N, Yasuda M. “Effects of branched-chain amino acids on immune status of racing horsesc” .The journal of veterinary medical science, 2022, 84(4); 558-565.
- Abdallah Tageldein Mansour, Rehab M Amen, Heba H Mahboub, Sherif M Shawky, Sahar H Orabi, **Amany Ramah**, Heba S Hamed “Exposure of oxyfluorfen induced hematobiochemical alterations, oxidative stress, genotoxicity ,and disruption of sex hormones in male African catfish and the potential to confront by chlorella vulgaris”. Journal of Comparative Biochemical Physiological C Toxicology Pharmacology. 2023, 267:109583.
- Abdallah Tageldein Mansour , Heba H. Mahboub , Rehab M. Amen , Marwa A. El-Beltagy, **Amany Ramah** , Abdelfattah M. Abdelfattah , Hossam S. El-Beltagi, Tarek A. Shalaby, Hesham S. Ghazzawy, Khaled M. A. Ramada, Adnan H. M. Alhajji and Heba S. Hamed. “Ameliorative effect of quercetin against abamectin-induced hemato-biochemical alterations and hepatorenal oxidative damage in Nile tilapia (Oreochromis Niloticus)”. Animals 2022, 12(23) 3429.
- Amany Ramah**, Ragab M. EL-shwarby, Nabila M.A., Elham A. El-shewey “The effect of lead toxicity on male albino rats’ reproduction with ameliorate by vitamin E and pumpkin seed oil”. Benha Veterinary Medical Journal. 2015,b28(1); 43-52.
- Hiam Elabd, Heba H.Mahboub, Heba S. Hamad, Abdelwahab A. Abdelwarith, Elsayed M. Younis, Samar Kamel, **Amany Ramah**, Sahar H. Orabi, Sherif M. Shawky, Simon J. Davies, Zeinab Hassan. Dietary deacetylated chitin nanoparticles confer protection against diazinon toxicity in male African catfish: evaluation of immune-biochemical, antioxidant, and reproductive profiles. Fish Physiol Biochem, 2025; 51:32

Presentation at a domestic conference and international conference

Poster presentation: Arteries of the pig thyroid gland. Asian association of veterinary anatomists Philippine Association of Veterinary Anatomist (Asian AVA) 9th congress of the Asian AVA, 10/2024.

Presentation: Protective effect of probiotics against tannin-induced immunosuppression in broiler chickens, FAVA, the international 21st Federation of Asian Veterinary Associations (FAVA), Congress, 11/2022, refereed.

Presentation: Multi- probiotics ameliorate toxic effects of tannin in chicken broilers, 165nd Annual Meeting of the Japanese Society of Veterinary, 9/2022.

Different doses of tannin reflect a double-edged impact on broiler chicken immunity 162nd Annual Meeting of the Japanese Society of Veterinary Medicine, AO-38Ibaraki, September, 2019 / 9. (Oral presentation, no inspection).

Awards

2024 Miyazaki University Female Researcher Encouragement award for 2024
